The company

IPM Filters srl

Via Madre Teresa 22 -20851 – Lissone (MB)-Italy, plant.

hereby, declares that the **FilterTEF** product identified with the dynamic code:

TEF	7	10	004	S	I
Product identification (cartridge family)	Tipo di adattatore/ terminale	Lenght	Filtration rating	Gaskets / O-ring	Insert
	D=DOE (doppia apertura terminale) 2= bayonet 2.226/flat 3= 2.222/flat 5= bayonet 2.222/flat 7= bayonet 2.226/fin 8= 2.222/fin	10 = 10" 20 = 20" 30 = 30" 40 = 40"	001= 0.1 µm 002= 0.2 µm 004 = 0.45 µm	S= silicone X= other** ** pl.se contact IPM	I = insert in inox 316L) 0 = without insert

Materials of construction	
Filter Medium	PTFE
Support and drainage layers	polipropilene
External guard, caps	polipropilene
Internal guard	polipropilene
O-Ring standard	Silicone

The cartridge complies with the following standards:

- Regulation (EC) no. 1935/2004 of the European parliament
- Regulation (EU) no. 10/2011 of the commission of 14 January 2011 concerning plastic materials and objects intended to come into contact with food products (MOCA)
- Ministerial Decree of 21 March 1973 on the hygienic regulations of packaging, containers, tools, intended to come into contact with food substances or substances for personal use
- Commission Regulation (EC) No. 2023/2006 of 22 December 2006 on good manufacturing practices for materials and objects intended to come into contact with food (GMP).

 IPM srl Sistemi di filtrazione Via Madre Teresa, 22 - 20851 Lissone • ITALY Tel. +39 039 2145244 • www.ipmfilters.com	DICHIARAZIONE DI CONFORMITÀ SU MATERIALI E OGGETTI DESTINATI A ENTRARE IN CONTATTO CON GLI ALIMENTI (MOCA)	Sistema qualità ISO 9001 : 2015 TÜV NORD CERT Certificate Registration No. 44 100 17 41 0045-001 Audit Report No. IT-14735/2016
---	--	--

FilterTEF cartridge filters are made with raw materials compliant with the above-mentioned regulations.

IPM srl requires all raw material suppliers to comply with contact with food fluids. Periodically IPM srl re-verifies the certifications of the raw materials by subjecting them to the tests required by EC n. 1935/2004 and EC n. 10/2011.

FilterTEF are destined for the sterile filtration of gases in the food sector and therefore are not in direct contact with food products.

Therefore, although they are made with materials suitable for food contact, the regulations for this type of application do not require the application of specific and global migration tests.

IPM srl assembles the cartridges using mechanical and/or thermo welding technologies. No glues are used for the production of our cartridges.

Metallic parts

The metal support ring (optional) is made of food grade stainless steel; EN 1.4404 (316L) (DM 21/03/1973).

Rubber parts

In the absence of a harmonized European standard, compliance for rubber O-rings is based on the following standards:

DM: 03-21-1973

DM 8-02-1995

The traceability of the product is guaranteed in accordance with Regulation (EC) No. 1935/2004 by the number printed on the packaging and on the filter.

In case of deviations from the intended use, the user is responsible for verifying compliance and suitability.
